

## GRAPHICS HARDWARE QUALIFICATION

### MICROSOFT<sup>®</sup> WINDOWS<sup>®</sup> PLATFORM

Last updated: November 25th, 2009.

#### **Readme First**

The information contained in the [Readme First](#) document applies to all hardware qualifications executed on the Autodesk Media and Entertainment 2010 software product releases and should be acknowledged by all users prior to consulting the qualification charts.

#### **What's New**

Result of our testing on Windows 7 64bit is available

## Important Notes

The following lists some important information on graphics hardware qualification for Softimage on Microsoft Windows.

1. For full real-time shader support, make sure that you have the latest Cg compiler and Direct X SDK.
2. For a productive user experience with Softimage, it is recommended to use a card which has a minimum of 256MB of video memory.
3. Qualification is performed at 1920x1200, 32bit color.

## Professional Graphics Cards

The following table provides the graphics card and driver version hardware qualifications for the Autodesk Softimage 2010 for Microsoft Windows software product release.

### Table Legend

✓	Qualified
👉	Qualified with caveats. Refer to the Professional Graphics Cards Caveats & Limitations
🕒	Qualification planned OR in progress. Results coming shortly
👉	Supported although not officially qualified in our lab
☑	Testing is completed
👉	Hardware component falls below minimum system requirements to run this product
✗	Qualification failed due to serious problems
○	No qualification planned OR not applicable
—	Not yet tested.

## Professional Graphics Cards Caveats & Limitations

There are currently no NVIDIA graphics card caveats / limitations to report for the current release of this Autodesk product.

There are currently no ATI graphics card caveats / limitations to report for the current release of this Autodesk product.

## Consumer Graphics Cards

The following table provides a list of tested NVIDIA GeForce® and ATI Radeon™ consumer graphics cards and driver versions for Autodesk Softimage 2010.

**Important:** Although Autodesk tested the NVIDIA GeForce and ATI Radeon consumer graphics cards, it is Autodesk, NVIDIA, and AMD policy to only recommend and support the professional NVIDIA Quadro, ATI FirePro, and ATI FireGL graphics family cards. See the [NVIDIA Quadro vs. GeForce GPUs White Paper \[PDF\]](#).
